Letter received by Frederic Andrews from
John L Lee, dated 22 August 1861

Ref No : GB 3544 RHN-AD-1-10-11

35 Craven Street Strand
August 22nd 1869

Dear Sir,

In reply to your note
I beg to say that it is difficult
to state a figure for the
space to be accorded to
~~all~~ the inmates of the proposed
new Hospital - The single
dormitories require a much
larger space than the
associated dormitories - It
may however assist you if
I state that in my opinion
the smallest space that

should be given is 600
pounds to each patent in the
associated dominions -

I notice that in your
particulars you require a
separate infirmary to
accommodate 150 persons -
Now do the whole building
is an infirmary I think that
separate accommodation is
only required in the case of
~~the~~ fevers or other infectious
diseases and that there is
no necessity to provide for
so large a number as
150 - If separate accommodation
were provided for 50 persons
I think it would be sufficient.

I am Dear Sir
Yours very truly
John G. Lee

J. Andrews Esq
