Administration : Governance records : Letters
received by the Board of Management

Note received by Board of Committee on optimal
space requirements for patients in a hospital, c. 1861

Ref No : GB 3544 RHN-AD-1-10-12

AD/1/10/12

Space in Victoria Park Hospital.

Approximate Bed Rooms.

Patients	Square ft.	Cubic ft.
8	67	938
6	74 1/2	1043
4	77 1/2	1085

Day Room

$23 \times 13.6 \times 14 = 4247$ Cubic ft.
for an average of 9 patients or $471 \frac{8}{9}$
per patient. —

The above obtained by inspection of the plans.
